

ASSIGNMENT 1 (Mandatory & Individual)

This Assignment is called **Inventory your means**. It is a Pre-course exercise – i.e. you should hand it in before you come to class October the 31st.

Elements needed are (and remember this is NOT a CV):

- **Your profile photo** (so it makes it easier for the teachers to remember you)
- **What do you know:**
 - Your academic knowledge & education
 - Knowledge from your job (if relevant) or past work experience
 - Informal learning from hobbies, interests etc.
- **Who do you know:**
 - Can you map out your network of Friends, colleagues, family, volunteer work, hobbies
 - Try and visualize your network (for e.g. use the LinkedIn Visualise tool) – and also label the “clusters” – friends, family, surfing friends, work, voluntary activities.. etc.. whatever...
- **Who you are as a person:**
 - Academic curiosities & passions
 - Tastes, values and preferences
 - Hobbies Interests passions and dislikes.
- **Why you are here at this course:**
 - A couple of lines on Why you signed up for this course
 - Who told you about this course or where did you hear it from
 - Your definition of Entrepreneurship

PS: The visual tool will be and should be anonymous – it is just a tool that helps you understand who you know or rather which types/groups of people you know or have access to. For inspiration I attach my own LI visual map too. You can do the same – either send me a URL (like this printscreen URL I have) or save it as a GIF/JPEG file from the tool directly into your computer and then upload it to AULA under the assignment 0 folder. Please note that if you only right click and use save as – then the boxes of descriptions (labels) will not get saved – so a print screen is recommended.

My profile as an example: <http://prntscr.com/2nx8fb>

Those that don't have a LinkedIn profile – can try doing so on Facebook – if you like or just write out the groups of people you know or you think you know ;)
